

About Us

Lateral Movement Mobile Care Services (LMMCS) brings professional therapeutic treatments to YOU, in the comfort of your own home/residence. Our Nanaimo-based mobile business is tailored to provide a convenient, practical and non-invasive solution for the purpose of stress management and pain alleviation. At LMMCS our number one priority is your safety and comfort. We ensure that every client's individual needs are met with compassion, respect, and confidentiality.

Testimonials

"...After 6 weeks [of cold laser treatments] I went back to see my surgeon and he was very surprised to find that my wrist was completely healed..."

- C. Watt

"Had Tricia give me a massage and laser treatment. Can't thank her enough or getting rid of my aches and pain"

- C. LoPinto

"Excellent customer service! ...laser therapy works wonders for my eczema."

- S. Croteau

"Three weeks post operation and I am back at the gym... Incredible results!"

- L. Lindsay

"Thanks LMMCS for your laser treatment. I am back walking everyday and I feel like I have my life back!"

- E. Phin

"After months of suffering with unbearable TMJ pain I tried cold laser therapy and the results were shocking... I am now completely pain free and can finally show off my new smile"

- D. Zyla

Lateral Movement

Mobile Care Services

"Optimizing In-Home Treatment"

Cold Laser Treatment

Cold laser treatment is a safe, non-invasive, and effective way to stimulate our body's natural ATP production by targeting specific wavelengths of light to the affected area. This advanced technology allows our cells to repair themselves at a faster rate which has been proven to speed healing up to 400%.

At Lateral Movement Mobile Care Services, we use the Powermedic PL1500 HP laser, developed in Denmark. Their superior, portable, and effective design is what allows us at LMMCS to offer laser treatments in the comfort, and privacy, of your own home. For more information please visit www.lateralmovement.ca

Cold Laser Therapy is used to treat the following conditions:

- soft tissue injuries
- degenerative joint conditions
- neurogenic pain
- inflammation
- sinusitis
- arthritis (rheumatoid & osteo)
- torn or ruptured ligaments
- bone/skeletal injuries
- scar tissue
- TMJ
- skin wounds, blisters, shingles
- ear infections
- carpal tunnel syndrome

BC Elder Care Massage

BC Eldercare Massage is a specialized style of relaxation massage designed to accommodate the specific needs of an elderly body. BC Eldercare Massage uses safe, effective, and gentle relaxation techniques to soothe aching muscles, tendons and joints. This skilled massage is known to improve mental and physical relaxation, circulation, lymphatic flow, pain and stress levels, and quality of sleep. BC Eldercare Massage is recognized by many Health Professionals as an important complimentary addition to treatment plans and to anyone trying to achieve a healthy lifestyle.
